Dear Participants,

It will be a great pleasure to welcome you to Vienna in Austria for this 21st EFORT Annual Congress taking place from 10 to 12 June 2020.

The scientific programme is balanced in all areas of orthopaedic surgery. Everyone of you will find new trends in orthopaedic surgery but also the basics of good practice. The congress will focus on education and evidence based medicine, as well as recent research. The abstracts undergo a thorough process of review which guarantees a level of high quality. The inclusive approach for the development of the programme and the active participation from the EFORT member societies and Specialty Societies is a determining factor.

We are honored to welcome APOA, the Asia Pacific Orthopaedic Association, who will be our Invited Association as art of the EFORT invited nation programme this year and who will bring features of Orthopaedics and Traumatology from Asia.

Our main theme is “Harmonisation and Diversity”. Diversity in Europe is not only a matter of language, but also cultural and educational. It is expressed through different practices from one country to another. Harmonisation becomes necessary when it comes to the standard of knowledge, as reflected in curricula & syllabus. These minimum requirements have no reason to be different in southern, northern or eastern Europe. While diversity is a source of wealth, standardisation prevents creativity. We therefore advocate for harmonisation that respects diversity. The absolute priority between harmonisation and diversity remains the safety of patients; the latter leaving room for controlled and evaluated innovation.

This theme will also be featured during the presentations of the two world-renowned speakers, Doctor Walch and Doctor Fu, who will give respectively the Erwin Morscher and Michael Freeman Honorary Lectures.

On that same note, the social programme will take into account the many cultural differences that characterise the charm of Europe. Take the opportunity to visit the city of Vienna, with its encompassing architecture of modern buildings and magnificent historical monuments. And why not attend a performance of a philharmonic orchestra as the ultimate expression of harmonisation of talents?

We look forward to seeing you in Vienna for the 21st EFORT Congress in 2020.

Prof. Dr. Philippe Neyret
EFORT President 2019/2020

ONLINE SUBMISSION PROCEDURE

After logging on https://scientific.efort.org/efort2020 follow the instructions through the system to guarantee a correct and complete submission. Please be aware that a valid email address and current institution for each co-author are mandatory. EFORT will communicate with authors via the contact addresses given during the submission process.

Abstracts must correspond to previously unpublished work. EFORT reserves the right to reject your abstract if previously presented. Submission is defined by an initial branching to differentiate Clinical Research vs. Basic Science abstracts and Systematic Reviews. Please choose carefully your main category. Submitters define the type of presentation i.e. Free Paper (Podium), Clinical Report (Podium) or Poster (Paper Wall Posters) wished. EFORT reserves the right to change the main category and/or the type of presentation of your abstract(s).

There is no restriction on the number of abstracts submitted by a unique author or research group, but each registered participant will have a maximum of six abstracts (three podiums and three posters) accepted. Double submissions are automatically withdrawn.

Submitters can edit the authorship information and core data of their abstract(s) directly on the online platform until the submission deadline. For technical support and further abstract requests, please directly contact the EFORT Abstract Team at scicom@efort.org.

INFORMATION ON ABSTRACT ACCEPTANCE

Authors and co-authors will receive acceptance/rejection notifications on Friday 31 January 2020. The presenting author of a selected abstract must undertake to attend the Congress and present the abstract in the session and at the time designated by the EFORT Science Committee. EFORT requires each presenting author to complete his/her full registration to the congress to validate his/her abstracts in the final scientific programme. Deadline for registration of presenting authors is Friday 28 February 2020, 23:59 CET.

ORAL PRESENTATIONS

Abstracts accepted as Free Papers are presented orally within scientific sessions embedded in the core Congress programme. Very high scientific quality is expected from these presentations, which should correspond to complete studies with outstanding results and innovative conclusions. To ensure that sessions run smoothly, please refer to the Presentation Guidelines available online. The best-rated Free Papers under both Orthopaedics and Trauma main categories will be selected to compete in the Free Paper Award competition and will receive specific guidelines.

POSTER PRESENTATIONS

All abstracts accepted as Posters will be presented at the Congress as print wall paper posters. Authors are welcome to add images, tables and detailed data to better document their work. A large display area will be dedicated to poster presentations and Poster Walks will be organised during the Congress to have posters evaluated. To ensure the correct format for poster display, please refer to the Poster Guidelines available online. Best-rated Posters will compete for the Jacques Duparc Award and will receive specific guidelines.

**THE EXPERTS CONTRIBUTION**

EFORT aims to provide worthy scientific guidance via the presentation of well-established medical techniques and new evidence in emerging fields. Renowned experts will discuss their procedures, the rationale for their decisions, as well as their successes and failures, bringing their international experience to your reach.

The EFORT scientific sessions are therefore training programs with high scientific value for the prevention and treatment of diseases and injuries of the musculoskeletal system. Your participation to our upcoming 2020 Congress is the best opportunity to identify new data related to your specialty, gather useful tips and tricks to enhance your daily medical achievements and expand your professional network.

**Preliminary Exhibition Schedule**

- Wednesday 10 & Thursday 11 June 2020 09.00 – 17.30
- Friday 12 June 2020 09.00 – 17.00
About Vienna

A CITY OF RICH CULTURAL AND HISTORICAL HERITAGE

The Austrian capital is world-famous for its rich cultural and historical heritage that can be sampled in the 100 museums or just by strolling the streets of the old city centre that belongs to the UNESCO world cultural heritage. Vienna is known as one of the music capitals of the world. There is no other city where so many famous composers have lived, and music tradition is kept alive in Vienna’s famous opera house and concert halls. Modern musicals have replaced the old operetta, with two theatres devoted to this genre alone. Nowadays Vienna is also known as a modern art centre and a city with a very high quality of life. In addition to sites of historical interest the city offers fine examples of innovative architecture, fashionable shopping areas, and moreover samples of Viennese lifestyle in its traditional coffee houses, the Heurigen (wine taverns), trendy bars, sausage vendors and discos.

■ Headquarter City
Vienna is one of the 4 official seats of the United Nations and home to 15 UN organizations, OSZE and OPEC, as well as 18 other international organizations. 200 international corporations have their Eastern European headquarters in Vienna (incl. JVC, Heineken, Henkel, Beiersdorf, Siemens) in addition to Austrian companies of global significance (e.g. Wienerberger AG, OMV). Every year, over 100 international companies open a branch office in Vienna.

■ Knowledge City
Over 34,000 people work in Vienna in the field of research and development, 43% of all research activities in Austria take place in Vienna. The city has 9 public universities, 5 advanced technical colleges and 6 private universities, with a population of over 160,000 students, the largest university city in the German-speaking region.

■ Diverse City
Formerly the capital of a multicultural and multilingual empire, Vienna has retained its international flair. 570,000 people of international origins from 198 countries live in Vienna, 200,000 from EU Member States. 49% of Viennese have a migrant background (either personally born outside of Austria or with at least one parent born elsewhere).

HOTEL ACCOMMODATION

Congrex Switzerland is the official congress partner for hotel accommodation and is the only agency offering accommodation on behalf of the 21st EFORT Congress. Hotels occasionally publish online or last-minute promotion rates for a limited number of rooms which may vary from the prices contracted for this congress.

As the official EFORT 2020 partner, Congrex Switzerland offers highly dedicated customer service and professional support for all your accommodation needs. We can offer you great deals in a wide range of hotels in the vicinity of the congress venue and all over the city of Vienna. Early booking is highly recommended as rooms typically sell fast in prime locations and hotels have limited capacities.

HOW TO BOOK YOUR ACCOMMODATION

In order to make a hotel reservation, please:
• access the congress website: www.efort.org/vienna2020. Click "Accommodation" to make your preliminary choice
• access the registration platform and choose your hotel accommodation.

INDIVIDUAL RESERVATIONS

Participants can book their hotel room online and payment by credit card (Visa, Mastercard or American Express) is mandatory.

GROUP RESERVATIONS

Group bookings cannot be made online as different terms and conditions apply. For further information, up-to-date availability and reservation, please contact us at hotel.efort@congrex.com.
