

## 2nd EFORT Congress - Lisbon, Portugal: 22 June - 24 June 2022

### Advanced Concepts in Total Hip Replacement

Thursday 23 June 2022

#### Robotic Surgery In Primary THA (14:30 - 15:30)

Luigi Zagra (Italy) and Søren Overgaard (Denmark)

Fares Haddad (United Kingdom)	Robotic Surgery in Primary THA: the Current Value Proposition
Pit Putzeys (Luxembourg)	Solving The Spinopelvic Challenge With Robotics
Maziar Mohaddes (Sweden)	A Critical Approach To Robotic Surgery: An Overview Of International Experience
Discussion	

#### Infected THA: Current Practice. (15:30 - 16:50)

Per Kjaersgaard-Andersen (Denmark) and Alex Soriano (Spain)

Alex Soriano (Spain)	Prosthetic Joint Infection (PJI) – An Update On Current Knowledge And Recommendations In Key-Topics
Rihard Trebse (Slovenia)	How To Perform A 2-Stage Exchange And Obtain A High Success Rate
Mustafa Citak (Germany)	How To Perform A 1-Stage Exchange And Obtain A High Success Rate
Ashley Blom (United Kingdom)	Are Results Of One Stage Vs Two Stage Comparable?
Discussion	

#### Cobalt Carcinogenicity In THA. (16:50 - 17:50)

Klaus-Peter Günther (Germany) and Rob G. H. H. Nelissen (The Netherlands)

Nils P. Hailer (Sweden)	Why Do We Discuss Cobalt Carcinogenicity?
Alan Fraser (United Kingdom)	Is There Evidence For Cardiotoxicity?
Thomas M. Grupp (Germany)	Implants Without Metal? Consequences For Manufactures
Discussion	

#### Pain After Total Hip Replacement (17:50 - 18:30)

Klaus A. Siebenrock (Switzerland) and Eduardo García-Rey (Spain)

Theofilos Karachalios (Greece)	Painful Primary Total Hip Arthroplasty. When To Operate?
Luigi Zagra (Italy)	Painful Revision Total Hip Arthroplasty. Diagnosis And Treatment
Discussion
